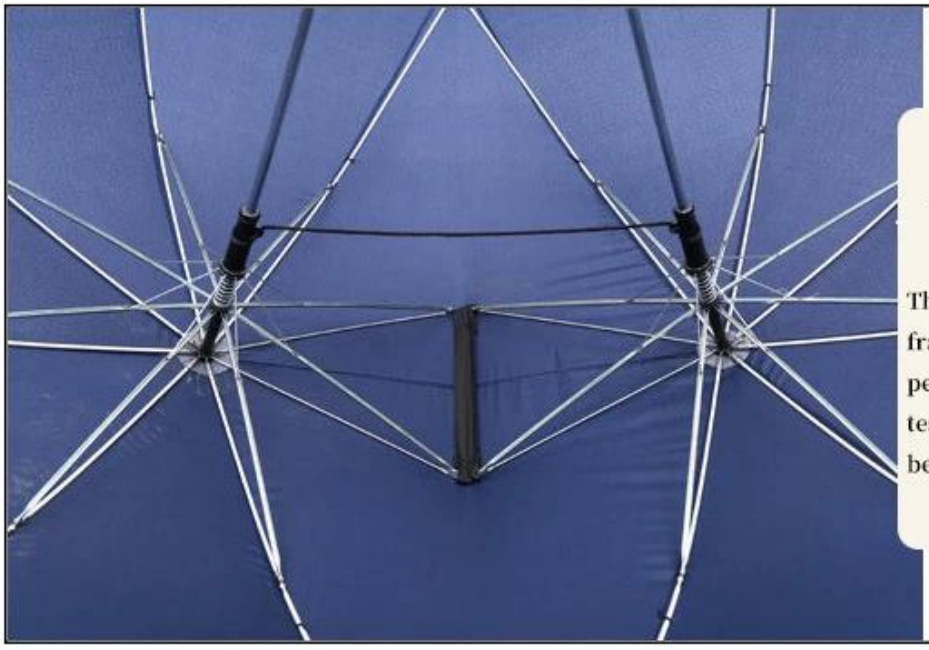
Product specification



Umbrella stand

The high-strength umbrella frame has strong windproof performance, and has been tested for many times. It can be used for a long time.

Umbrella surface

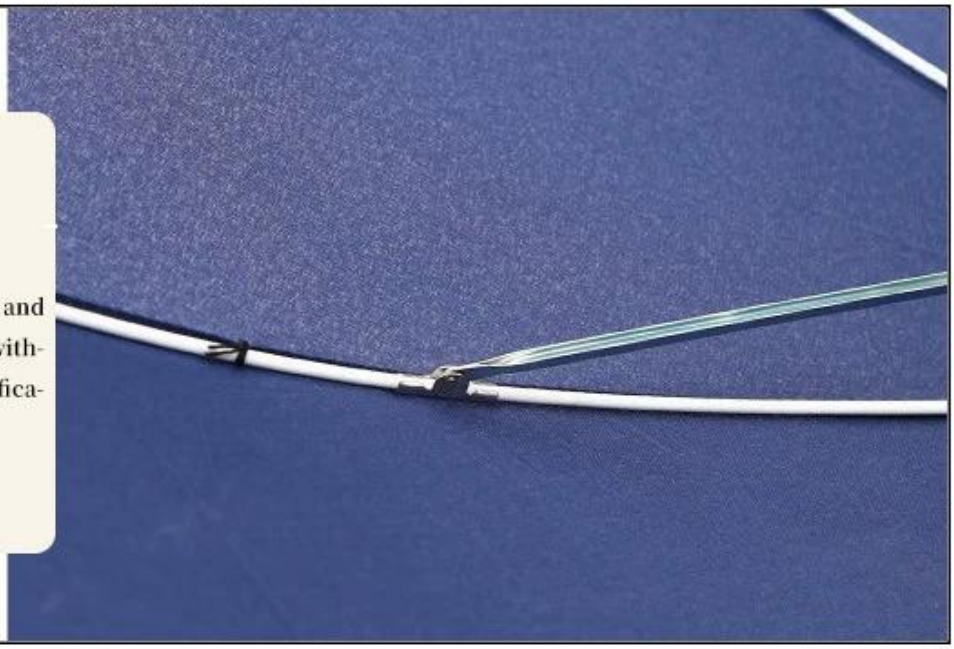
Plain and enlarged double umbrella cover, high-density impact cloth, lotus leaf like water repellent effect, dry immediately after throwing.

Paindrop

The fixed umbrella bead avoids the embarrassment that the umbrella bead is separated from the skeleton. The design is simple and durable.

Rib

Fine to every suture and screw, the details can withstand 100 times magnification.



Umbrella handle

Simple curved handle design. The handle radian is suitable for hand holding and comfortable. The umbrella can also be hung on the left pole after it is closed.

Umbrella top

The umbrella cover with the same umbrella cloth has a strap, which is easy to store and instantly improves the quality of the umbrella.
