DETAIL DISPLAY

01

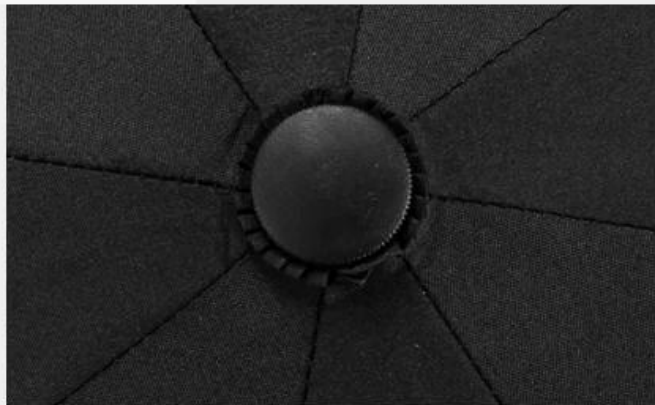

Glass Fiber Skeleton

Fundamentally prevent rust, super-tough umbrella ribs, and creative reverse design to make the umbrella easier to use.

02

Exquisite Umbrella

Fashionable and beautiful, anti-off-line technology, better fixed umbrella body.

03

Quality Umbrella Beads

Nickel-plated umbrella beads, high-gloss design, durable and not easy to rust.

04

Umbrella Handle

Using ABS plastic steel, matt rubber paint sandblasting process, delicate hand feeling, smooth experience.

HANDS-FREE

C-shaped handle,
hands-free, free hands at any time.

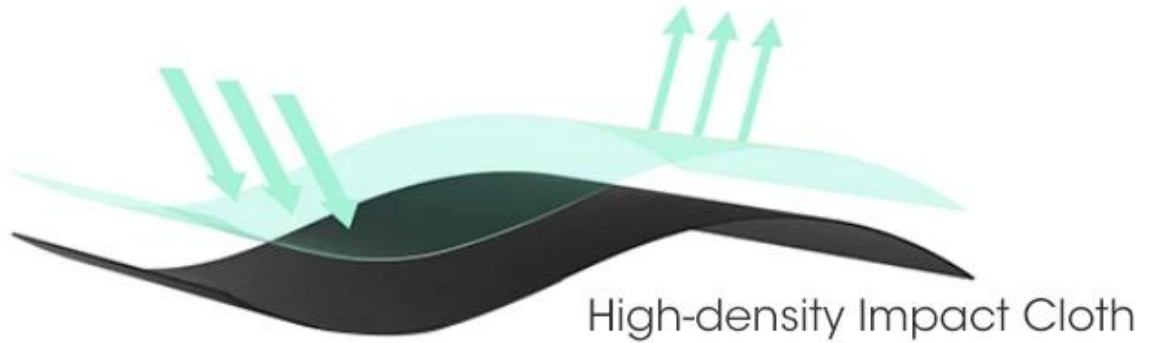

Humanized Design

Free Hands

RAIN OR SHINE

The double-layer umbrella cloth and the design of the air leakage port increase the beauty while enhancing the wind and sun protection function.
